As Heaven has its principles, so the world has its own principles. There are divine principles given to a Christian for walking in daily victory. A Christian cannot live according to the world's principles and enforce the authority of the Kingdom where he is. A Christian who lives according to the ways of the world does not have the moral authority to change the people of the world. A man who can deal with the world and overthrow its principles is a man who can stand tall and apart from it. This book leads a Christian on how to live his life in a way he can overcome the world
